- PHP
- HTML/CSS

PROFILE

Enthusiastic and detail-oriented web developer with a strong foundation in the MERN stack. Skilled in creating dynamic and responsive web applications using React, Tailwind CSS, and MongoDB, with a solid understanding of both front-end and back-end development. Proficient in JavaScript, HTML, and CSS, and comfortable working with Git and GitHub for version control and collaboration. I'm committed to continuous learning and improving my technical skills, and exploring modern deployment and testing practices. Eager to bring my passion for building effective, user-focused applications to a team environment.

WORK EXPERIENCE

- IPhiTech IT and Digital Solutions** 2023 - 2023
Web Developer Internship
 - Designed and developed multiple responsive websites using WordPress, Shopify, and Bootstrap, ensuring optimal performance across all devices and browsers.
 - Collaborated with team members to gather requirements and deliver tailored solutions, contributing to a more efficient workflow and project success.
- BluLemons Gaming Studio** 2020-2020
Game Developer Internship
 - Participated in game testing by providing detailed feedback on mobile games, contributing to the iterative development process and improving overall gameplay quality
 - Conceptualized and designed innovative mobile game concepts, collaborating with team members to brainstorm features and mechanics that enhance user engagement.
